A. Increase the availability of decent, safe, and affordable housing.

Reduce public housing vacancies:

- Once the elderly population on the waiting list is exhausted, PHCD may select "near elderly" for admission into "elderly" designated public housing units.
- PHCD may elect to open the waiting list if there are insufficient applicants for a particular bedroom size, type (e.g., general occupancy, elderly designated buildings, elderly and mixed developments, accessible or nonaccessible, Assisted Living Facilities (ALF)), or for one or more of the local preferences.

Leverage private or other public funds or generate revenue to create additional housing opportunities:

- Utilize leveraged funding sources with the HOPE VI grant funds in the Scott/Carver HOPE VI re-development.
- Continue to apply for funding, grants and other similar opportunities that may become available to refurbish and/or create additional housing opportunities.
- Verify information of each household member through EIV for double subsidy and debt owed to other housing authorities at time of admission as part of the eligibility process.
- Pursue revenue-generating opportunities that may result in a revenue generating mechanism for the agency.

Acquire or build units or developments:

- PHCD reserves the right to issue Request for Proposals (RFP's), Request for Qualifications (RFQ's), Request for Applications (RFA's) and other similar procurement documents as needed to achieve stated plans and objectives.

(c) Conversion of Public Housing. With respect to public housing owned by a PHA:
1) A description of any building or buildings (including project number and unit count) that the PHA is required to convert to tenant-based assistance or that the public housing agency plans to voluntarily convert; 2) An analysis of the projects or buildings required to be converted; and 3) A statement of the amount of assistance received under this chapter to be used for rental assistance or other housing assistance in connection with such conversion. See guidance on HUD's website at:
<http://www.hud.gov/offices/pih/centers/sac/conversion.cfm>

Voluntary Conversion Initial Assessments

Developments that are subject to the Required Initial Assessments: 64

Developments that are not subject to the Required Initial Assessments based on exemptions (e.g., elderly and/or disabled developments not general occupancy projects): 41

Assessments conducted for the covered developments: One

Developments that may be appropriate for conversion based on the Required Initial Assessments: None

PHCD completed a review of each covered development's operations as public housing, and considered the implications of converting the public housing to tenant-based assistance. The initial review indicated that the Voluntary Conversion of public housing to tenant-based assistance is inappropriate, for the following reasons:

- Conversion would be more expensive than continuing to operate the developments as public housing;
- Removal of developments would not principally benefit the residents of the public housing developments included; and
- It would adversely affect the availability of affordable housing in the community.
